River Road corridor
from Zorn Avenue
to US 42

Project Overview

A Louisville Metro project, funded through the Federal Highway Administrations (FHWA) Discretionary Grants Program to support and enhance National Scenic Byways, All-American Roads and State-designated byways.

River Road is a State-designated byway.

Purpose

Develop a Corridor Management Plan (CMP) to:

strengthen and promote the corridor's scenic, natural, cultural, and historic resources while providing safe access for all users including consideration for bicyclists and pedestrians

produce implementation strategies addressing visual character, compatibility of future land uses, interpretive opportunities, and roadway safety and operational improvements to accommodate all users

Ground Rules:

- 2 minute time limit please
- Allow everyone who wants to speak a turn, then return for a second comment
- Be respectful of others time/opinions
- Comment forms are available for written comments
